THIRD ANNUAL REPORT

ON

CO-OPERATIVE ASSOCIATIONS IN CANADA

1930

To the Honourable Senator G. D. ROBERTSON, LL.D.,

Minister of Labour.

SIR,—I have the honour to submit the Third Annual Report on Co-operative Associations in Canada, a volume which was prepared in the Labour Intelligence Branch. The report, which is arranged along lines similar to those of earlier volumes on the same subject, indicates the extent of the various phases of the co-operative movement in the Dominion.

I have the honour to be, sir,

Your obedient servant,

H. H. WARD,

Deputy Minister of Labour.

OTTAWA, October, 1930.

REPORT ON CO-OPERATIVE ASSOCIATIONS

INTRODUCTORY REMARKS

For this, the Third Annual Report on Co-operative Associations in Canada, special efforts have been made to secure information concerning every known co-operative society in the Dominion. It is not always possible to obtain complete particulars, many of the secretaries failing to furnish the information requested. For the present report, where no response was received to the first request for particulars a second application was forwarded to the latest known secretary, and where this failed to elicit a response, the name of the association is retained in the report with the information as supplied in 1929. The grouping of the associations is similar to that adopted in the earlier report, which it is believed indicates clearly the development of the various phases of the co-operative movement in the Dominion. While most of the associations whose names appear herein are registered under the provisions of provincial legislation pertaining to co-operative societies, there are in Ontario a large number of unincorporated companies and clubs doing business co-operatively, and in addition there are a considerable number of joint stock companies, formed, owned and operating in a co-operative way, which are incorporated under the joint stock company section of the Ontario Companies' Act. Appearing first in the list of associations is the name of the Co-operative Union of Canada, a Dominion-wide organization which was established in 1909 with a view to federating co-operative bodies and to propagate co-operative principles. The Union has 41 societies in affiliation, an increase of 15 over the number recorded in 1929.

PRODUCTIVE CO-OPERATIVES

The 73 associations whose names appear in the first group have been designated by their secretaries as productive, and they are accordingly so classified. Although the bulk of the productive co-operatives have small memberships, there are three which have large followings, viz:—the Saskatchewan Co-operative Creameries, Limited, with 37,000 members; Northern Alberta Dairy Pool with 2,560, and the Maple Sugar Syrup and Producers (Quebec) with 2,500. The latter association is an affiliate of the Quebec Federated Co-operative, which has a combined membership of 10,000, and embraces a large number of local associations whose members are in the main interested in the marketing of cattle, sheep, fish, poultry, eggs, etc., as well as in the distribution of commodities. The provinces represented in the productive group, with number of associations, are: British Columbia, 29; Quebec, 23; Saskatchewan and Alberta, 7 each; Ontario, 3; New Brunswick, 2; Nova Scotia and Manitoba, 1 each.

MARKETING ASSOCIATIONS

Given first place under the heading of "Marketing" is the Canadian Co-operative Wheat Producers, Limited, which has a membership of over 140,000 comprised in the Manitoba, Saskatchewan, Alberta and Ontario Wheat Pools. The Alberta Pool was the first organized (1923), followed by Saskatchewan and Manitoba, the three pools in 1924 organizing the central selling agency under the above name with headquarters in Winnipeg. In 1927 the United Farmers' Co-operative Company, Limited (Ontario) established the Ontario Grain Pool as a unit of the company's business, the grain delivered by the members being sold by the Canadian Co-operative Wheat Producers. An iron-clad five-year contract, which has stood the test of the courts, and is legally enforceable, is an essential feature of the Pools. This contract binds the farmer to deliver during the term of the contract all the wheat grown by him except registered seed wheat. From the proceeds of the sale of wheat the pool may deduct one per cent of the gross selling price for a commercial reserve, and may deduct an additional two cents per bushel for the purchase of elevators and facilities for the handling of grain. In the Saskatchewan Wheat Pool there are really four units—(a) Saskatchewan Co-operative Wheat Producers, Limited, the parent body; (b) Saskatchewan Pool Elevators, Limited, a subsidiary company formed for the purpose of owning and operating country elevators, and which owns and operates approximately 1,000

country elevators in Saskatchewan and five terminal elevators in Port Arthur, Ont.; (c) Saskatchewan Pool Terminals, Limited, formed for the purpose of operating the terminal elevators, and (d) Saskatchewan Wheat Pool Construction Company, Limited, the latter having been organized for the purpose of constructing elevators and other grain handling facilities necessary to the proper conduct of the business. While the capitalization of Saskatchewan Co-operative Wheat Producers, Limited, is approximately $100,000, there is practically no relationship between the amount of capital and the actual business of the organization. Last year this organization marketed approximately $170,000,000 worth of grain, while the actual paid-up capital is limited to a one-dollar share per member.

Saskatchewan Pool Elevators, Limited, like the parent society, is a co-operative non-profit institution. A handling charge is set at the beginning of the season and at the end of the year the actual operating expenses, depreciations, etc., are determined. Provision is made for the payment of 6 per cent interest on the amount of the capital stock which is held by the Pool for the growers who contributed the elevator deductions. A satisfactory reserve is set up and the surplus is then treated as an excess elevator charge and returned pro rata to Pool members on the basis of the number of bushels of grain delivered by them to Pool elevators. The 6 per cent interest paid by Pool elevators on its capital stock is paid out to the individual growers contributing elevator deductions. The surplus arising from the operation of Saskatchewan Pool Terminals, Limited, is added to the surplus of Saskatchewan Pool Elevators, Limited, in making the above distribution.

During the crop year 1928-29 the Wheat Pools of the three Western Provinces delivered to Canadian Co-operative Wheat Producers 244,248,200 bushels of wheat, or 51·3 per cent of the total inspections in the Western inspection division. The wheat acreage now under contract, in round numbers, is 16,000,000 as compared with 15,000,000 in 1926, 14,000,000 in 1925, and 10,000,000 in 1924. The combined elevator and commercial reserves for the three western pools now total $28,981,590. The three pools operate 1,642 country elevators, and twelve terminals with a total storage capacity exceeding 96,000,000 bushels. The Canadian Wheat Pools shipped grain to nineteen countries last year, through ninety-four ports, exporting directly more than 108,000,000 bushels. The pools' largest foreign customers were, in order named, Great Britain, Japan, Belgium and Holland, volume and export sales varying from 34,600,000 bushels to Great Britain to 5,600 bushels to Sicily. The Canadian Co-operative Wheat Producers, or Central Selling Agency, also sold 35,000,000 bushels of coarse grains in 1928-29. In addition to selling wheat and coarse grains delivered by pool members in the prairie provinces the Central Selling Agency sells the grain delivered by the 12,500 members of the Ontario Pool, a unit of the United Farmers' Co-operative Company, which is referred to in a subsequent section of this report.

For the western provinces there is the Canadian Poultry Pool, Limited, through which the products of the co-operative poultry societies of Manitoba, Saskatchewan, Alberta and British Columbia are marketed. An organization of some importance is the Canadian Live-stock Co-operative, Limited, which was formed in 1929, and which has a membership of 75,000 comprised in associations located in different parts of the Dominion. The Canadian Co-operative Wool Growers, Limited, with affiliated associations in five provinces and wool collecting and grading stations from coast to coast, has a membership of 10,000. A co-operative with a Dominion charter, and which carries on business in four provinces is the United Grain Growers, Limited, which has 32,000 shareholders grouped in 347 local associations, with authorized capital of $5,000,000.

Of the 36 co-operative marketing associations in Nova Scotia the most important is the United Fruit Companies of Nova Scotia, Limited, which has a membership of 1,400 comprised in 51 co-operatives. Besides the Maritime Co-operative Egg and Poultry Exchange, which has 2,300 members in Nova Scotia and New Brunswick, there is a similar body in Prince Edward Island, with a membership of 4,600. The Catholic Union of Farmers of Quebec has a co-operative selling agency, which is referred to in this section of the report, and with which 60 local societies are identified. In this section is included many of the affiliates of the Quebec Federated Co-operative, the societies being grouped according to the commodity which they market.

Of the 55 co-operative marketing societies in Ontario sixteen are interested in fruit distribution, the remainder marketing various commodities. One of these is the Ontario Honey Producers' Co-operative Company, which has a membership of 1,400.

Included in the Manitoba societies in the marketing group are the Manitoba Co-operative Poultry Marketing Association, with 13,985 members, and the Manitoba Pool Elevators, Limited, the latter with 10,743 members, comprised in 141 local branches, being the agency between the Manitoba Wheat Pool and the local elevator associations handling and con-

trolling the associations' business and turning over the grain to the provincial Wheat Pool. Manitoba has an association of co-operative dairies as well as a co-operative for live stock producers, together with a large number of local live stock producers' associations, all being engaged in marketing the produce of their respective members.

The largest Saskatchewan association in this group is the Saskatchewan Co-operative Live Stock Producers, Limited, with 16,802 members, next being the poultry producers' co-operative, with 6,500 members.

For Alberta there is an association of live stock producers with which 39 associations are affiliated; also a poultry pool with which 2,500 members are identified. There are also in Alberta local co-operatives of live stock men, fishermen and dairymen.

The majority of the co-operative marketing associations in British Columbia are composed of fruit and vegetable growers, one of these the Associated Growers of British Columbia, Limited, having a membership of 2,000. The British Columbia Egg and Poultry Co-operative Association has a membership of 1,900, and the Fraser Valley Milk Producers' Association, with 2,993 members, has the largest membership of any of the British Columbia marketing associations. In all the marketing group contains 345 associations, divided by provinces as follows: Quebec, 99; Manitoba, 62; Ontario, 55; Nova Scotia, 36; Alberta, 35; British Columbia, 34; Saskatchewan, 19; New Brunswick, 3 and Prince Edward Island, 2.

There are in Nova Scotia two federated bodies of fishermen, (1) Fishermen's Federation of Nova Scotia, which has 62 local stations in affiliation and (2) Fishermen's Union of Nova Scotia, with 40 affiliated stations, the object of which though not strictly co-operative are collective, but the Department was not able to secure any direct information from these bodies.

PRODUCTIVE AND MARKETING

There are 35 associations which are classified as productive and marketing, the one reporting the largest membership being the Central Alberta Dairy Pool, Limited, with 1,800 members; the British Columbia Fishermen's Co-operative Association being second with 963, and the Co-operative Trading Association of Sudbury third with 595 members. Twenty of the societies in this group are located in Quebec and British Columbia, each province having 10, Ontario has 9, Saskatchewan, 2, and Nova Scotia, New Brunswick, Manitoba, and Alberta, 1 each.

DISTRIBUTIVE SOCIETIES

Given first place in this group is the Scottish Wholesale Co-operative Society, an old British association, which has an office in Winnipeg, and whose name appears in the list of affiliates of the Co-operative Union of Canada. While some of the associations in this section confine their business to supplying their members with a particular commodity, the majority of them deal in general merchandise. The society with the largest membership is the British Canadian Co-operative Society Limited, a Nova Scotia association, which reported 3,494 members. Standing second is the Industrial Co-operative Society, Limited, also located in Nova Scotia, with 1,500 members, the Workers' Co-operative of New Ontario, Limited, being third with 513 members. By provinces the societies in the distributive group are divided as follows: Saskatchewan, 128; Manitoba, 58; Alberta, 44; Ontario, 38; British Columbia, 28; New Brunswick, 17; Nova Scotia, 9; and Quebec, 3.

MARKETING AND DISTRIBUTIVE

In this section is recorded the name of the United Farmers' Co-operative Company, Limited, an Ontario organization with approximately 20,000 members, which in addition to handling the produce for the members, supplies all kinds of commodities to farmers. The name of the United Grain Growers, Limited, which was last year recorded in this group, has been transferred to the "Marketing" section, the secretary designating it as a marketing co-operative. Another association in this section is the Niagara Packers, Limited, which is designed to market the members' produce and to handle fruit growers' supplies. Of the 45 associations in this group 24 are operating in Ontario, 9 in British Columbia, 4 each in Nova Scotia and Alberta, 3 in Quebec and 1 in Saskatchewan.

CO-OPERATIVE BANKS

In the section headed "Credit and Savings" will be found information concerning the Co-operative Peoples' Banks (Caisses Populaire), a credit and savings plan which was founded in Quebec in 1901 by Commander Alphonse Desjardins, and which has grown to

such an extent that there are now 215 local People's Banks identified with the four regional federations in the province. For the year 1928, the latest for which figures are available, the co-operative banks had 40,568 depositors and 11,885 borrowers; the number of loans granted was 17,403, and the total of such loans was $5,047,769, the profits realized amounting to $571,664. There are two co-operative credit societies in Ontario, one of which is an organization for civil servants in Ottawa, which has a membership of 1,300. There is also the Alberta Provincial Association of Credit Societies, a body with 43 local societies identified with it, operating under the provisions of the Co-operative Credit Act of the province and which, inter alia, is designed to act as the intermediary between the members of affiliated societies and the department in charge of the Act.

MISCELLANEOUS ASSOCIATIONS

In addition to the co-operatives whose names are printed in earlier groups there are a large number whose secretaries have designated them as of a miscellaneous character, the object of some of which is to provide a meeting place for community purposes. A majority of the associations in the miscellaneous section are operating in Saskatchewan, which province has 183 of the 260 whose names are recorded in this section, the remaining societies being divided by provinces as follows: British Columbia, 33; Alberta, 15; Quebec and Ontario, 9 each; Manitoba, 5; New Brunswick, 4; and Nova Scotia, 2.

NUMBER OF ASSOCIATIONS AND MEMBERSHIP

In all the report contains the names of 1,095 co-operative associations, a considerable number of which made returns direct to the department; where no report was received, as previously stated, the information as to officers and membership as supplied in 1929 has been used in the present report. The following statement gives the number of societies, provincially arranged, in each group into which the co-operatives are divided, together with the respective memberships, the grand total of which is 690,685.

DIRECTORY OF CO-OPERATIVE ASSOCIATIONS

The arrangement of the directory of co-operating associations appearing in the present report is similar to the grouping adopted for the previous volume, the sub-divisions being as follows: (1) Productive, (2) Marketing, (3) Productive and Marketing, (4) Distributive, (5) Marketing and Distributive, (6) Credit and Savings, and (7) Miscellaneous. The courtesy of the Director of Marketing of Nova Scotia, the Inspector of Co-operatives of Quebec, the Director of Co-operation and Markets Branch of the Department of Agriculture of Ontario, and the Co-operation and Markets Commissioner of Sasaktchewan, in supplying lists of co-operative societies which had been formed during the past year in their respective provinces did much to bring the directory up to date. The first society appearing in the appended list is the Co-operative Union of Canada, the remaining associations being sub-divided as above mentioned, and are arranged in the main in provincial groups, proceeding from east to west. Where no report was received for 1930, the names and addresses of officers as supplied in 1929 are repeated.

MARKETING

Occupying the premier position by reason of its importance is the Canadian Co-operative Wheat Producers, Limited, followed by the three western Wheat Pools, and four associations whose operations are not limited to any particular province, the remaining co-operative marketing associations being provincially arranged.

Canadian Co-operative Wheat Producers, Limited—

Organized July 28, 1924. Number of members, 143,081 in three provincial wheat pools.
This organization is the central selling agency of the Manitoba Wheat Pool, the Saskatchewan Co-operative Wheat Producers, Limited, and the Alberta Wheat Pool, each of which is represented on the executive board, as well as for the Ontario Grain Pool, which, however, is not represented on the Central Board of Directors. These Wheat Pools are in themselves separate and autonomous associations, organized under provincial charter in their respective provinces, and are constituted on a strictly co-operative, non-profit basis. The proceeds received from the grain, minus the cost of selling, are returned to the primary producer. A small percentage is retained as a reserve fund, each farmer being credited with the amount deducted, on which interest is paid at the rate of six per cent per annum. It is claimed that the Western Canadian Wheat Pool is the world's largest wheat marketing organization. The chief objects of the Wheat Pools are: (1) to promote, foster and encourage the business of growing and marketing wheat co-operatively; (2) to eliminate speculation in wheat; (3) to stabilize the wheat market; (4) to improve in every legitimate way the interests of wheat growers.
Pres., A. J. McPhail, Pool Bldg., Regina, Sask. Sec., F. W. Ransom, Wheat Pool Bldg., Winnipeg, Man.
The three provincial Wheat Pools are as follows:—

Manitoba Wheat Pool—

Maritime United Farmers' Co-operative Company—

This body was organized and incorporated in 1918 for the purpose of the co-operative wholesale buying of seeds, fertilizers, feeds, etc., for its members; and also for the cheaper distribution of commodities to the public by the establishment of retail grocery and dry goods stores in 31 centres, 19 of which are still operating.

According to a statement furnished the Department, the promoters of this company found that it could not adequately function unless the form of organization was somewhat altered. Due to its original system (operating the whole organization under one charter) the manufacturers refused to give jobbers' prices on the commodities purchased. This was owing to the opposition of the retailers and wholesale houses in claiming that the association was a retail organization. Because of the situation thus created it was found necessary in 1922 to reorganize the company by getting a charter for each individual store unit and then organizing a buying agency, known as the Eastern Brokers, Limited, to act as a central purchasing body for the above-mentioned store units. The headquarters of the Eastern Brokers, Limited, are at Fredericton, N.B., and the general manager is J. G. Kirkpatrick. The names of the branch companies which are classed as distributive, are as follows:

ONTARIO

The United Farmers' Co-operative Company, Limited—

Organized February 17, 1914. A farmer-owned and farmer-controlled concern with shareholders totalling approximately 20,000. Capital, approximately $400,000.

Statements and reports presented at the annual meeting held in Toronto December 3, 1929, indicated that the company was in a very healthy condition with increased profits to the shareholders and bigger reserves set aside to take care of contingencies than were shown in the 1928 report. Steady progress was claimed both in meeting the desires of the shareholders and in pleasing those who seek commodity dividends from marketing farm products on the co-operative plan. Earnings for the year were given as follows:—(1) amount available for dividends to shareholders, $56,209.63; (2) dividends paid to and available for cream shippers, $142,585.29; (3) approximate balance due to egg shippers, $20,000; total, $218,794.92. These figures show a return of over 21 per cent on the working capital and a distribution of surplus earnings totalling almost $160,000 to those who ship produce on a commodity basis. The company has commodious quarters for head office staff, Toronto Creamery Branch, and Produce Department at corner of Duke and George Sts., in Toronto, Ont., and also a seed warehouse on Church St. In addition creameries are operated at Wingham, Guelph, Galt, Renfrew, Arnprior, Cobden and Bruce Mines. A Live Stock Commission Department operates in the Union Stock Yards at West Toronto. Egg-grading Stations have been established at sixteen points in the province. Poultry and eggs are handled at these points and also on consignment at Toronto, Wingham and Montreal (where a branch office of the company is located at 716 St. Paul St., West). An Egg Pool is put into operation every spring with eggs taken

in on an initial cash payment of 20 cents a dozen and a final distribution of proceeds when the eggs are all sold in late fall or early winter. Only "extras" and "firsts" go into storage for pooling. Those not fit for storage are sold outright and remittance of the proceeds made promptly. In the eight creameries over one-tenth of Ontario's annual butter production is made. Patrons receive payments twice a month almost on a par with total and final prices allowed by competitors, and twice a year (March 31 and September 30) surplus earnings from the creamery branches are distributed in the form of patronage dividends. These distributions have amounted to over half a million dollars since this co-operative plan was adopted in creamery operation in 1924. The total sales of live stock handled by the company during the year amounted to $11,912,653—almost a million dollars worth a month. Part of this volume comes from co-operative marketing under a contract. Over 3,500 producers in Brant, Oxford, Elgin, Middlesex, Perth and Lambton counties have signed the contract. Contract signers at a shipping centre elect a Shipping Board who name an official shipper to accommodate members in assembling loads for shipment to the company. Wheat growers of the province are assisted by the Ontario Grain Pool, a unit of the company organized in 1927. There are over 13,000 members whose deliveries of wheat are handled on a cost basis, the selling being done through the Toronto office of Canadian Co-operative Wheat Producers, Limited, which is the Central Selling Agency of the three Western Pools. A farm products department is maintained to assist Ontario farmers in the marketing of such products as potatoes, turnips, hay and straw. Consigned cars are handled on a commission basis. This department handles sales for a number of potato growers' associations and also has organized a couple of turnip associations with the object of having an assured supply to fill orders. Commodities of all kinds are supplied to local clubs and co-operative companies or direct to farmers, but the company directs its energies chiefly to the handling of such goods as are required in quantity each year, such as fencing, binder twine, fertilizer, seeds, salt, flour and feed, coal and coke, metal goods and shingles. The volume of the year's business was approximately $20,000,000 exclusive of the Grain Pool. The business of the company is in the hands of a board of nine directors, elected annually.

CREDIT AND SAVINGS

QUEBEC

Co-operative People's Banks (Caisses Populaires)—

This co-operative credit and savings movement was founded in the province of Quebec by Commander Alphonse Desjardins, who, after many years' study of the subject, decided, with the co-operation of a few friends, to establish in Levis a co-operative bank, known as the People's Bank of Levis (La Caisse Populaire de Levis), which commenced to function in January, 1901. With the success of this bank the movement developed until there are now many such co-operative banking associations operating in the province under the Quebec Co-operative Syndicate Act, with a membership of approximately 41,000. As yet there is no official central organization. Rev. J. R. Trudel, of Shawinigan Falls, is in charge of the general direction of the movement, Rev. P. Grondin, Levis College, Levis, being its propagandist. There are at present four districts—Montreal, Quebec, Three Rivers and Gaspe—in each of which there is a regional federation, the four federations having 215 local People's Banks identified with them. The regional federation receives the deposits of the local banks, and loans on request any money required, provided an absolute guarantee is given. The local banks and the federations were founded under and by virtue of the Trade Unions' Act of Quebec. The federation pays the expenses of advertising and inspection. Inspection is made regularly every year by competent inspectors named by the federations. It was reported that all the local People's Banks, as well as the federations, are increasing their capital every year. It is proposed that when the Montreal, Quebec, Three Rivers and Gaspe federations are firmly established, other federations will be founded.

The officers of each region, together with number of co-operative banks, are as follows:—

Montreal Region.—Organized June 27, 1924. Number of co-operatives, 32. Pres., Eugene Poirier, 7108 St. Denis St., Montreal. Sec., G. Tremblay, 7250 St. Denis St., Montreal.

Alberta Provincial Association of Co-operative Credit Societies—

Organized June 13, 1923, by representatives of the various Co-operative Credit Societies located in the province and operating under the Alberta Co-operative Credit Act.

Number of members, 43 societies.

Objects.—Among the objects of the organization are: (1) To assist in co-ordinating the activities of the various societies throughout the province, and to assist them in procuring short term loans at the cheapest possible rate consistent with safety; (2) to act as intermediary between the members of societies and the Department in charge of the Act; also to be the intermediary between the members of societies and organized creditors; (3) to protect the various guarantors under the Act against possibility of loss and to eventually dispense with all liability under such guarantee; (4) to assist the government

in providing adequate supervision so that loans made through the various societies shall be confined as nearly as possible to the actual requirements of the borrower so that he may continue in operation to the benefit of his previously interested creditors and at the same time receive sufficient credit.

SUMMARY OF BUSINESS TRANSACTED

As previously stated, there are 1,095 co-operatives whose names are recorded in the report, 518 of which furnished returns of their financial standing, sales, etc., 100 more than supplied similar information for 1928. The number of reporting associations in each group are as follows:—Productive 31; marketing, 118; productive and marketing, 33; distributive, 169; marketing and distributive, 28; credit and savings, 5; miscellaneous, 132. The figures published for the productive group indicate that the largest sales were made by the Saskatchewan Co-operative Creameries, Limited, which society reported a turnover of $5,743,715.58. The next heaviest sales were reported by the Northern Alberta Dairy Pool, the figures being $470,966.43, and third is the Salmon Arm Farmers' Exchange, a British Columbia Society, with sales totalling $354,565.94.

In the marketing section, the Canadian Co-operative Wheat Producers, which as previously stated, is the central selling agency of the wheat pools of the three prairie provinces and also of Ontario, had sales aggregating $233,836,538.53, of which the Saskatchewan Wheat Pool was responsible for $170,000,000. The Canadian Poultry Pool, which covers the four western provinces, had sales aggregating $5,000,000. The association which confines itself to the limits of a province, and which had the largest sales of such societies, was the Quebec Federated Co-operative, which reported transactions for its affiliates of $8,448,817. The Alberta Co-operative Live Stock Producers is second with sales amounting to $7,419,855.65. Standing third is the St. Boniface branch of the Canadian Live Stock Co-operative, which had sales of $5,131,675.21, while close behind is the Saskatchewan Co-operative Live Stock Producers with a turnover of $5,095,515.71. A British Columbia society, the Fraser Valley Milk Producers' Association, had sales of $4,000,922.65; while the Associated Growers' of British Columbia is also well up in the list with transactions of $3,693,385.44. The Ontario association which reported the heaviest turnover, was the United Dairymen's Co-operative, the figures being $2,398,615.19.

In the productive and marketing group the association with the heaviest transactions was the Central Alberta Dairy Pool, which reported sales of $328,711, the International Co-operative Trading Company, of Port Arthur, Ont., being second with sales of $315,405.40, followed closely by the Comox Creamery Association, a British Columbia Society, which reported transactions amounting to $312,040.53.

The Scottish Co-operative Wholesale Society, Limited, with headquarters in Glasgow, and which has a Canadian office located in Winnipeg, reported the largest sales, the figures being $3,399,479; the loss for the year on the business in Canada was given at $5,709. The British Canadian Co-operative Society, Limited, a Nova Scotia Association, had the heaviest turnover in the retail merchandizing, the sales being $1,778,863.76. Next in order of transactions in the distributive group is the Consolidated Growers' Co-operative Association of British Columbia with transactions amounting to $600,000. Standing third is The Workers' Co-operative of New Ontario, Limited, with sales of $536,565.36. Other societies in the distributive group which had large sales were (1) Harrow Farmers' Co-operative Association, an Ontario body, with sales of $344,858.71; (2) The Davidson Co-operative Association, Limited, of Saskatchewan, with a turnover of $300,610.73, and (3) the Melfort Grain Growers' Co-operative Association, Limited, with proceeds totalling $268,227.56.

In the marketing and distributive group the heaviest sales were reported by the United Farmers' Co-operative Company, Limited, the transactions amounting to $20,000,000. The association which reported the second highest sales was the Christian Community of Universal Brotherhood, a Doukhobor association in British Columbia, the proceeds being $771,940.48; the Fraser Valley-Surrey Farmers' Co-operative Association, also in British Columbia, is third with $469,266.25.

The receipts of the co-operative people's banks in the province of Quebec for 1928, the latest year for which complete figures are available, including the balance on hand, which was $1,168,514.97, were (1) capital stock (subscribed and paid), $213,866.17; (2) savings (deposits), $14,244,035.46; (3) loans refunded, $4,201,771.50; (4) profits, $578,851.93; (5) sundries, $79,339.83; making a total of $20,486,379.86. The disbursements were (1) capital stock (returned to depositors), $117,955.49; (2) savings returned to depositors, $13,457,731.92; (3) loans and investments, $5,047,769.31; (4) general expenses, $181,344.41; (5) dividends, $100,442.72; (6) interest on savings, $266,076.53; leaving a balance of cash on hand of $1,315,059.48.

In the miscellaneous group the Pincher Creek Co-operative Association, an Alberta organization, reported having sales amounting to $279,916, the Co-operative Agricultural Association of the Yamaska Valley (tobacco growers) being second with a turnover of $209,000, and third is the Flos Farmers' Co-operative Company, Limited, an Ontario body, with sales amounting to $187,768.66; a Saskatchewan society which reported comparatively heavy transactions was the Gull Lake Co-operative Association, Limited, the sales being $132,129.08.

The table following, which is arranged in the same manner as the directory of co-operative associations, shows (1) the names of the associations, (2) paid-up capital, (3) assets, (4) sales for year 1929, (5) general liabilities, (6) profit or surplus, (7) loss, (8) reserve, and (9) unapportioned profits:
